

Impact Report

A MESSAGE FROM THE CARLOS DUNLAP FOUNDATION

For more than ten years, our focus has been on North Charleston and the neighboring areas. Our efforts range from distributing grocery bags to offering exceptional shopping experiences for new clothing and products, as well as educating young individuals on the basics of entrepreneurship. Our organization is committed to giving back and enhancing our community. While we have several programs that benefit the community as a whole, our goal is to see more young people from underserved areas involved in entrepreneurial endeavors or pursuing further education. In the near future, we plan to expand our reach by collaborating with additional organizations to continue bringing our vision to life.
